

OANHSS

Electricity Pricing and Energy Management

NEW!
SPECIAL
WEBINAR
SESSION!

As of November 1, 2009, the electricity pricing structure changed for long term care homes and other designated customers. These organizations moved from the Regulated Price Plan (RPP) to market pricing.

This special webinar is a condensed version of the one-day OANHSS workshops held earlier this fall in partnership with the Independent Electricity System Operator (IESO) and Natural Resources Canada to assist members in preparing for this change.

The session will address:

- The importance of managing and monitoring energy.
- Understanding your demand profile and electricity bill.
- Finding savings through energy efficiency and optimizing energy use.
- The role of staff in reducing energy consumption and costs.
- Building an effective business case for energy projects.
- Results from the IESO/OANHSS energy project.

**MONDAY,
NOVEMBER 30, 2009
2:00 P.M. TO 4:00 P.M.**

MEMBERS ONLY: \$79

Presenters

Stephen Dixon is a freelance energy consultant. As principal of TdS Dixon Inc., he brings a practical, hands-on approach to the challenge of developing the energy management capacities of a broad range of institutional, commercial and industrial organizations.

Robert Doyle is a Communications Advisor with the Independent Electricity System Operator, (IESO).
